BG PERFORMANCE OIL SERVICE

for hot rods

BG EPR® Engine Performance Restoration®

Softens and dissolves hard-to-remove deposits. Helps improve compression and reduce oil loss.

BG Ethanol Fuel System Defender®

Protects engines from the harmful effects of ethanol.

BG Ethanol Corrosion Preventer®

Forms a protective coating on fuel system components to defend against corrosion.

BG RF-7

Maintains engine compression and power by increasing oil viscosity.

BG SAE 5W-30 Full Synthetic Engine Oil

Formulation with superior performance for severe use. This oil is exactly what your high performance engine demands!

BG MOA®

Prevents engine oil thickening under the most severe conditions. Contains anti-wear protection for ring lands, hydraulic cams, lifters and other key engine components.

BG 44K®

The #1 fuel system cleaner! Pour 11 ounces of high quality detergents and additives into your gas tank for better throttle response, restored fuel economy and overall optimum performance.
